

TIMOTHY C. ROWAN

A: 41 Symmes Drive, Manalapan, NJ 07726 **M:** 732.915.7873 **E:** timothyrowan@me.com **W:** www.thetimothyrowan.com

OBJECTIVE

Obtain a challenging senior information technology position with an emphasis in web development technologies utilizing my business knowledge, technical skills, and creativity in a professional setting.

PROFESSIONAL EXPERIENCE

Time Out New York – Technology Department

- *Web Specialist*

Act as liaison between IT and online departments on critical core business systems. Handle administrative responsibilities within the IT department through an expert comprehension of Time Out publishing and listings-database systems. Maintained deep knowledge of editorial, print-production and online production needs. Enhance and create complex XML transformations through XSL for a more efficient print and online workflow. Solely develop and preserve social websites in PHP accessed by over 5,000 external users. Support more than 200 employees, multiple operating systems, and over 10 different servers.

New York, New York
October 2007 – Present

New Jersey State Police – Training Academy

- *e-Learning & Web Specialist*

Designed and maintained two intranet sites accessed by the entire NJSP Training Academy. Analyzed business processes and assisted in developing IT solutions to improve efficiency, productivity and accuracy. Developed and maintained Access and MySQL databases with user interfaces for functional areas including: inventory, resource management, purchasing, employee management and training. Produced and implemented various e-Learning courses in Flash accessed by over 3,000 members statewide. Edited and updated audio and video content for New Jersey State Police intranet and e-Learning courses. Maintained detailed documentation of all applications and business practices.
